DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Tanimoto '775.

The patent to Tanimoto discloses in figure 3 an off route detection step s10 and a shortest distance calculation S13 to a node entry point in s15 from the cars current position s16. Claims 1-11 of the patent also disclose these features.
